*Strategic Framing*

# TERINOV

## *Strategic Framing – RIS3 Azores*

O TERINOV - Parque de Ciência e Tecnologia da Ilha Terceira is an infrastructure that aims to help implement research and innovation strategies, facilitating and mediating the interaction between the local Research Centers and University and the Business sector.

# TERINOV

## *Strategic Areas*

- Agribusiness
- Cultural and Creative Industries
- Information and Communication Technologies

# TERINOV

## *Vision*

To be an important agent of the Azorean innovation ecosystem, articulating and supporting different typologies of entities in the promotion of entrepreneurship, innovation and knowledge and technology transfer, through the optimization of existing resources and the use of smart specialization strategies.

# TERINOV

## *Mission*

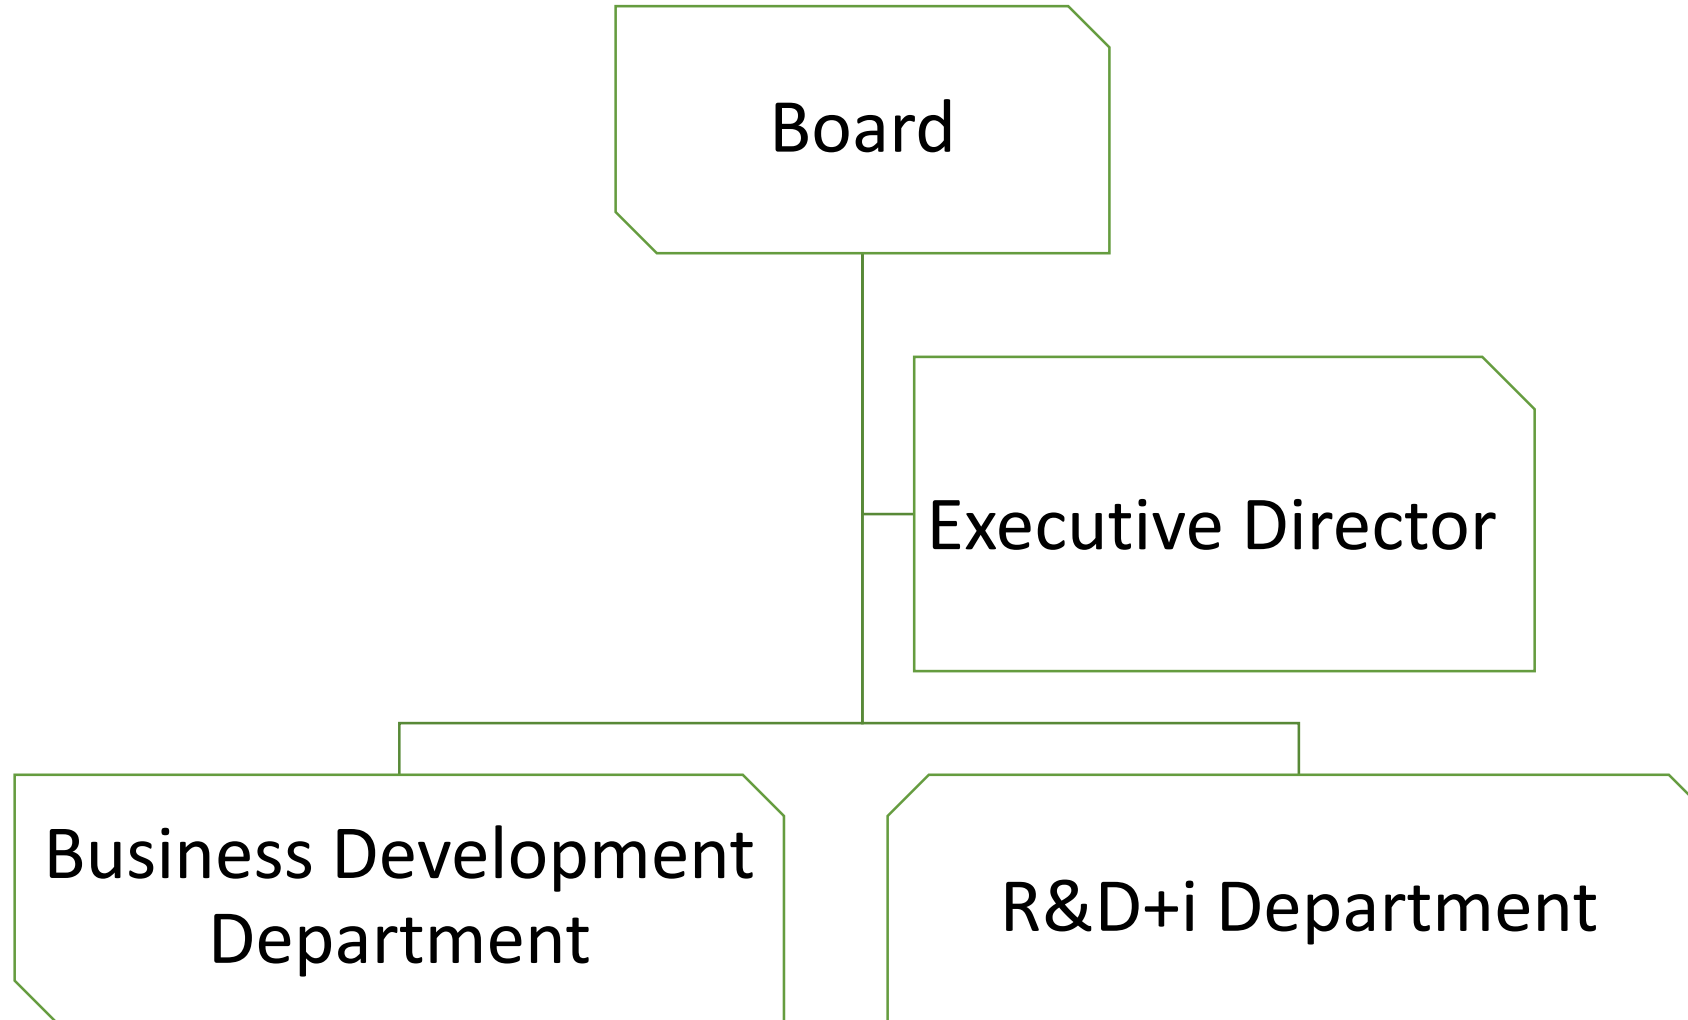

Provide qualified spaces, support services, promote links and collaborative projects, aimed at strengthening innovation, creating value for the economy and actively contributing to the creation of qualified jobs in the Azores.

# TERINOV

## *Objectives*

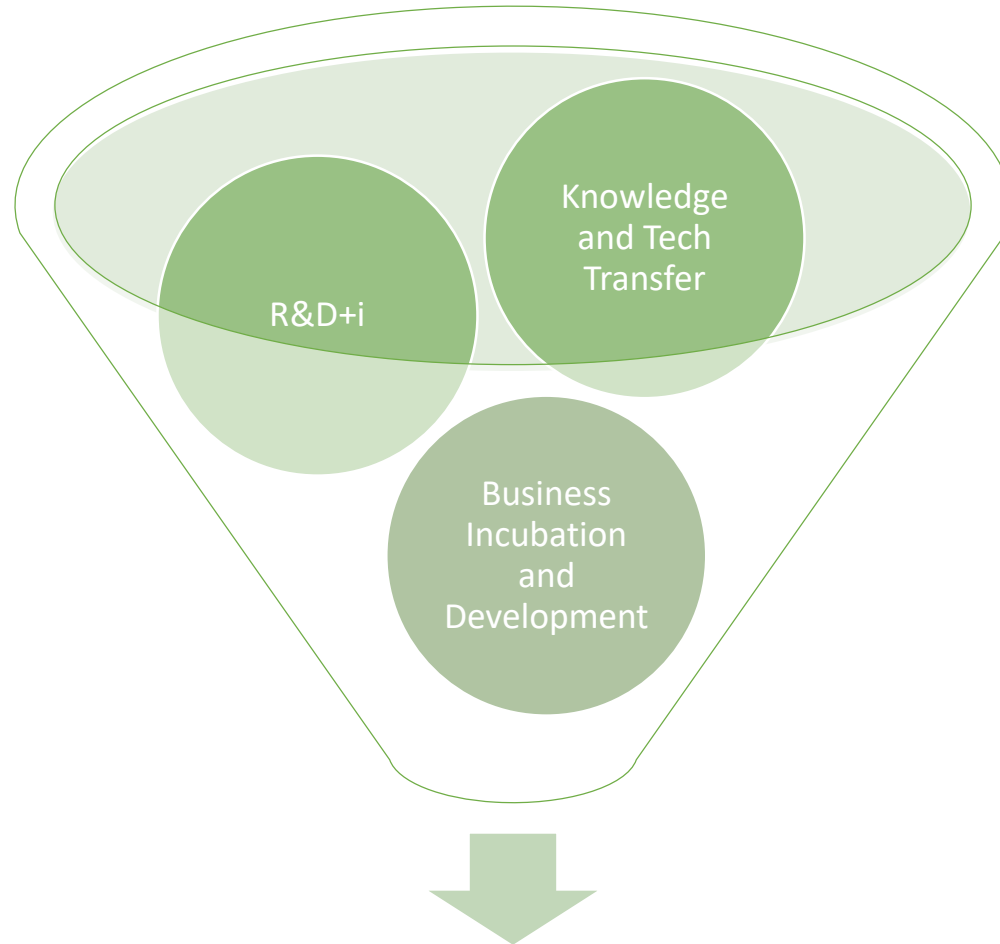

- Promote entrepreneurship and support economic dynamism;
- Add value to regional products through innovation, knowledge and technology transfer;
- Enhance collaborative dynamics, collective efficiency and clustering processes;
- Contribute to the consolidation of R&D+i in the Azores;
- Promote the creation of qualified employment;
- Facilitate the implementation of RIS3 strategy for the Azores.
